Public-Limited Company

MATERIAL FACT

In compliance with the provisions of Paragraph 4 of Article 157, Law 6404/76, and CVM Instruction No. 358/02, Randon S.A.- Implementos e Participações (Randon) informs its shareholders and other members of the securities market that it signed on this date a letter of intent with MAN Latin America, a manufacturer of Volkswagen trucks and buses, aimed at formalizing a new business partnership.

The transaction consists of installing a plant of our controlled company Suspensys Sistemas Automotivos Ltda.(Suspensys) in Resende (RJ), near the factory of MAN Latin America to machine and assemble hubs, drums and brakes, as well as to sub-assemble suspension kits. The main objective of the transaction is to strengthen commercial relations with that customer, reducing stocks in the supply chain by delivering “just-in-time”.

The estimated investments amount to approximately R\$ 30 million. We estimate that this operation will bring an additional revenue for Suspensys of up to R\$ 15 million per year. The new operations are expected to begin within 15 months.

Shareholders and the market will be informed about the deal in due time.
